FIELD

Cognitive Science

MY THESIS

Controlling one's diet: study of dietary representations in orthorexic subjects or subjects suffering from eating disorders in France and Canada

[See the summary of the thesis](#)

ATTACHMENTS

Laboratoire Parcours de Santé Systémique EA 4129 - Ecole Doctorale EDISS, Université Claude Bernard Lyon 1, France

MY EXPERIENCE

- 2020 - 2023 : PhD Student at Institut Paul Bocuse Research Center (CIFRE Convention) in cognitive sciences under the supervision of [Jérémy Lafraire](#) (Institut Paul Bocuse) and co-supervision of [Agnès Giboreau](#)
- 2014 - 2019 : AgroParisTech engineering degree
- 2012 - 2014 : Preparatory classes Biology, Chemistry, Physics, Geology (Lycée Saint-Louis, Paris)

Additional information

MY ACTIVITIES

Main objective: to test the general hypothesis of a continuum of severity from no body or food concerns to the most severe Eating Behavior Disorders (EBD)

Specific objectives of the project :

- To study the content of food representations and food categorization strategies at an implicit level in "healthy", orthorexic and ataxic subjects.
- To determine the cultural variability of these food representations and food categorization strategies.
- To stimulate reflection on the precursors of eating disorders.
