MY THESIS

Semantics in olfactory perception : investigating the meaning of odors, fragrances and nose of wines.

ATTACHEMENTS

Human and Artificial Cognition Laboratory (CHArt, RNSR 200515259U), Ecole Pratique des Hautes Etudes - PSL, University of Milan, Department of Philosophy.

MY EXPERIENCE

- Since October 2023 : PhD student in Cognitive Sciences, 'Integrated Systems, Environment and Biodiversity' programme at the Ecole Pratique des Hautes Etudes.
- Since October 2023 : PhD student in Philosophy, programme 'Human Mind and its Explanations: Language, Brain and Reasoning' at the Università degli Studi di Milano, IUSS Pavia and Scuola Normale di Pisa.
- Master of Philosophy, Contemporary Philosophy. Université Panthéon-Sorbonne (Paris I).
- Degree in Philosophy, course in Logic. Université Panthéon-Sorbonne (Paris I).
- Degree in Psychology. University of Tours.
- Degree in Physics, Fundamental Physics. UPMC (Paris VI)

Additional information

MY ACTIVITIES

Determine a unified theoretical framework to account for the meanings of odours.

- To study the capacity of the arts of odour and aroma composition to convey messages.
- Apply notions of the philosophy of language to the corpus of discourses describing wine.

MY PUBLICATIONS

Dissertation

Maxime Barbier. What is entropy? Philosophy. 2021.. dumas-03468942.
